MPR Customer Showcase

Let customers submit project galleries. Moderate, categorize, and display them with voting and comments. A social proof tool that turns your customers into brand ambassadors.

PrestaShop Module

- **Module name:** `mprcustomershowcase`
- **Author:** mypresta.rocks

Funktionen

- Customer project submission with image galleries
- Admin moderation and approval workflow
- Category and tag organization
- Community voting system
- Comments with moderation
- Front office gallery with filtering
- SEO-friendly project pages

Entwicklung

```
yarn install
grunt build    # SCSS kompilieren
grunt watch   # Watch for SCSS changes
```

```
grunt release # Build + create ZIP
```

Build

The Gruntfile handles:

- SCSS compilation (`sources/scss/` -> `views/css/`)
- ZIP packaging for PrestaShop installation (`_releases/`)
