

# Documentazione

---

## MPR Customer Showcase

Let customers submit project galleries. Moderate, categorize, and display them with voting and comments. A social proof tool that turns your customers into brand ambassadors.

## PrestaShop Module

- **Module name:** `mprcustomershowcase`
- **Author:** [mypresta.rocks](https://mypresta.rocks)

## Funzionalità

- Customer project submission with image galleries
- Admin moderation and approval workflow
- Category and tag organization
- Community voting system
- Comments with moderation
- Front office gallery with filtering
- SEO-friendly project pages

## Sviluppo

```
yarn install
grunt build      # Compila SCSS
grunt watch     # Watch for SCSS changes
```

```
grunt release # Build + create ZIP
```

## Build

The Gruntfile handles:

- SCSS compilation ( `sources/scss/` -> `views/css/` )
- ZIP packaging for PrestaShop installation ( `_releases/` )
